

PASTORAL COUNSELING OF TRAUMATIZED CHILDREN

STRUCTURE OF THE COURSE

CHAPTER 1: BASIC DEPARTURE POINTS WITH REFERENCE TO TRAUMATISED CHILDREN	7
• Repetitive traumatic memories	8
○ Intervention based on exposure to unresolved trauma	9
○ Exposure techniques	10
○ Cognitive therapy	11
• Background of the typical youth transgressor	12
• Few therapeutic programmes focus on the past as well as unique needs	12
○ Importance of the child's history	13
○ The importance of a safe environment with meaningful relationships	14
○ Early patterns of attachment are decisive	15
○ The important influence of family relationships with reference to later handling of trauma	17
○ The dynamics of trauma during childhood	17
○ Results of chronic traumatisation	18
○ Childhood trauma and psychiatric diseases	20
○ A new diagnosis: developmental trauma disorder	20
○ Re-enactments of traumatic events	21
• Typical patterns of emotions and behaviour after trauma	22
• Different factors determine individuals' reactions to trauma	23
• The role of trauma echoes	23
• Routine and rituals	25
• Self – regulation	27
• Trauma disrupts the normal development of basic abilities	28
○ Two key concepts	29
• The caregiver serves as a mirror of the development of identity	30
• Some preliminary therapeutic guidelines	31

CHAPTER 2: DIFFERENT TYPES OF INTERVENTIONS FOR CHILDREN	34
• Focussed activities	34
• Relaxation and muscle exercises	35
• Bibliotherapy	36
• Art activities	38
• Creating a timeline	38
• The therapeutic value of drawing	39
○ Verbal reporting while drawing	42
○ Drawings as extension and complement of children's verbal reports	42
• Specific drawing tasks for trauma defusing and intervention	44
○ To make a drawing of what happened	44
○ The child must draw him- / herself in relationship to the traumatic experience	44
○ A drawing of the body of the victim	45
○ Explanation of a drawing of the human body	45
○ A drawing of the family	46
○ Boundary blueprint	46
○ Draw how your family has changed	47
• Working with physically and sexually abused children	48
• Summarised perspectives	49
CHAPTER 3: THE DEVASTATING EFFECT OF CHILHOOD TRAUMA	51
• Historic background	51
○ The body as a holistic whole	54
○ The possible relation between negative childhood experiences and the smoking habit	55
○ The possible relation between negative childhood experiences and the abuse of alcohol	56
○ Trauma during childhood and later physical problems	59

CHAPTER 4: THE LIFE CRISIS SCALE BY HOLMES AND RAHE FOR CHILDREN AND YOUNG PEOPLE	61
• Children and young people	62
• Life events scale	63
• Interpretation of the scale	64
CHAPTER 5: PRACTICAL ASPECTS FOR THE COUNSELLING OF CHILDREN	65
• Guidelines by Dr Tina Brookes	65
○ Some myths about the accompaniment of traumatised children	66
○ How can we help them?	68
ADDENDUM A: ADVERSE CHILDHOOD EXPERIENCES - ACE SCORE	70
ADDENDUM B: MANUALS ON COUNSELING (English)	72
BIBLIOGRAPHY	73
